direct and indirect charges and capitalised abatement of land revenue and recommended its sanction. The late Mr. G. S. Kanara also recommended the sanction of the scheme. The Govt considered that the cost of the scheme was prohibitive, its yield was very low as well as the area benefited and ordered in their G.O No. Ms. No. 48 Agri (FP) dated 13.2.54 that the scheme be dropped. The details of the scheme and the circumstances under which it was ordered to be dropped have been explained in detail in the notes at pp 1-3 of (N), which may be perused. It does not appear necessary now to reopen the question of sanction of the scheme w.r.t. the request of the MLAs at p1 ante and they may be informed accordingly. Put orders.
